IEEE
Promotion of
Innovation and
Entrepreneurship

JOIN THE REVOLUTION

IEEE is the world's largest technical professional organization, dedicated to advancing technology for the benefit of humanity. At IEEE, we believe in the power of innovation and entrepreneurship to drive economic growth, create jobs, and improve the quality of life. That's why we are committed to providing resources, opportunities, and platforms for engineers and researchers to bring their ideas to life.

IEEE PIE

**DRIVING INNOVATIONS
AND ENTREPRENEURSHIP.**

WHY PIE?

Are you passionate about innovation and entrepreneurship? Do you want to be part of a community that is dedicated to advancing these fields? Then join IEEE Promotion of Innovation and Entrepreneurship!

As a member of IEEE, you will have access to a wide range of resources and opportunities to help you succeed in your innovation and entrepreneurial endeavours.

START YOUR JOURNEY

The objective of a promotion of innovation and entrepreneurship community is to support and encourage the development of new ideas and businesses. This can be achieved through a variety of means, including networking events, educational workshops and seminars, mentorship programs, and access to funding and resources. The goal is to create a supportive environment for entrepreneurs, where they can connect with like-minded individuals, receive guidance and advice, and have the opportunity to bring their innovative ideas to market. The overall objective is to drive economic growth, job creation, and to foster a culture of innovation and entrepreneurship.

The community is dedicated to making a positive impact in the world through its member's technical contributions and professional development activities. IEEE PIE encourages members to use their skills and knowledge to address societal challenges and make a positive impact in their communities.

Overall, IEEE PIE Community is a vibrant and active community within the IEEE that provides a wide range of resources and opportunities to help its members achieve their professional goals and make a positive impact in the world.

Flagship events.

V FIESTA

A global program that provides resources, mentorship, and networking opportunities to help engineers and researchers launch and grow their startups. It is a platform to explore and experiment with entrepreneurial skills, managerial styles, and technical innovations. V-Fiesta is the celebration to prove your mettle in your area of expertise, be it technical skills or managerial powers.

ARISE

IEEE PIE Kerala Section's maiden event in 2021, 'ARISE', promoted entrepreneurship and a career in management and consisted of a variety of activities, with prominent entrepreneurs and mentors for the participants. The event garnered 1500+ registrations all over, with students from about 150 different colleges.

EMANATE

A multi-faceted initiative aimed at fostering a culture of innovation within IEEE and promoting innovation and entrepreneurship among IEEE members and beyond. It is a national level hybrid event aimed at promoting entrepreneurship that is put on by PIE under Kerala Section. It's major goal is to provide a head start to the world of entrepreneurship through interactions in the form of workshops, seminars, presentations, and managerial hackathons, it bridges the gap between academia, business, and society all the while fostering your creativity.

FROM IDEAS TO IMPACT

- ◆ The creation of the IEEE Entrepreneurship initiative in 2014, which offers resources and support to members looking to start their own businesses.

- ◆ The IEEE Global Initiative for Ethical Considerations in AI and Autonomous Systems, which provides guidelines and best practices for the responsible development and deployment of AI technologies.

- ◆ The IEEE PES Power Africa Conference, which promotes innovation and entrepreneurship in the energy sector in Africa by bringing together experts and stakeholders to share ideas and collaborate.

- ◆ The IEEE Launchpad program, which provides mentorship and resources to early-stage startups in the technology sector.

- ◆ The IEEE Smart Village initiative, which uses technology to address energy poverty and promote economic development in rural communities around the world.

EMPOWER YOUR FUTURE WITH IEEE PIE

- ◆ Get opportunities to network and connect with other professionals and experts in the field of innovation and entrepreneurship.

- ◆ Access to a range of resources, such as workshops, webinars, conferences, and networking events, designed to help individuals and organizations innovate and grow.

- ◆ Opportunities to develop new skills and knowledge in innovation and entrepreneurship through workshops, training programs, and other events.

- ◆ Opportunities to receive recognition for innovation and entrepreneurship efforts through awards, recognition programs, and other initiatives.

- ◆ Exposure to new ideas, trends, and opportunities in innovation and entrepreneurship through events.

SENSATIONS OF PIE

We are proud to showcase some of our esteemed members and events who have received recognition from the IEEE Kerala section for their outstanding contributions to the field of technology. Our awardees represent the best and brightest in their respective areas and embody the spirit of excellence and dedication.

- ◆ Varghese Cherian - Special volunteer award for strategic industry contribution 2020
- ◆ Akash Nambiar - Outstanding YP volunteer award
- ◆ Juliana Biju - Outstanding YP volunteer award
- ◆ V FIESTA - Kerala section's Best event award 2021
- ◆ UPSCALE 21 - Kerala section's Best event award 2022

UNLOCK YOUR POTENTIAL WITH US

At IEEE, we are committed to promoting innovation and entrepreneurship. Through our various initiatives and programs, we are empowering engineers and researchers to bring their ideas to life and make a real impact in the world. We invite you to join us and become a part of this movement.

Join IEEE Promotion of Innovation and Entrepreneurship today and take your innovation and entrepreneurial journey to the next level!
